

Student Name: Meet Mehta	Student Number: A00258745
Subject: Agile Methodologies 4.2	Semester Number: 2
Student Signature:	Week Number: 9

New Knowledge/Skills acquired	Creating pdf via Java application.
Existing Knowledge employed	Statement coverage, decision coverage and branch coverage. Coding practices, Test cases implementation.
Context	We held a group meeting where we discussed how we will generate dockets from the order table in database. After deciding the final implementation, we went back to our work. I was told to make certain changes in order which will make it easy to generate delivery docket. Also, functionality for customers to add orders for multiple products.
My role and responsibilities	<ul style="list-style-type: none"> • White Box Testing : Statement & Branch coverage testing on existing code. • Make changes in order registration. • Black Box Testing : Write Test Unit for code added.
Gaps in my learning	
Development as Software Engineer	Improved my white box testing techniques knowledge.

Task	Expected Time	Actual Time
Order	3	2
Docket	1	1
Research	1	1
